The California Regional Water Quality Control Board, North Coast Region, (hereinafter Regional Water Board) finds that:

1. On July 21, 1999, the Regional Water Board adopted Waste Discharge Requirements Order No. 99-44 for Humboldt County Department of Public Works (hereinafter discharger), Bear Canyon Bridge Construction Project (Bridge No. 4C-129), located on the South Fork Eel River adjacent to Bear Canyon Road near Garberville. The Waste Discharge Requirements were adopted to protect surface water from the threat of discharge associated with the bridge construction activities.

4. The Regional Water Board has notified the discharger and interested agencies and persons of its intent to rescind Order No. 99-44 and has provided them with an opportunity to submit their written views and comments.
5. The Regional Water Board, in a public meeting, heard and considered all comments pertaining to this matter.
